*15600 J.L. Hudson Drive, Suite C*  
*Southfield MI, 48075*

Terri's Day – A Celebration of the Culture of Life national day of remembrance is launched and will seek to have pledges signed from all 50 states as well as from international supporters. The pledge drive will culminate on May 12<sup>th</sup> with an official ceremony, an official prayer vigil as well as the presentation to the Schindler family of a ceremonial pledge sheet representing supporters from around the globe.

We are asking Americans to take a moment of their time to pledge to honor Terri's memory as well as honor what former Pope John Paul II called the "Culture of Life" by pledging six simple things.

- Obtain a Living Will – View The Will to Live Project at [www.terrisfight.org](http://www.terrisfight.org)
- Encourage your state legislature and governor officially to establish March 31<sup>st</sup> as 'Terri's Day'
- Encourage Hollywood and the media to embrace Culture of Life stories and movie themes.
- Support families to spend time pursuing "Culture of Life" events that honor some aspect of the culture of life.
- Support establishment of state network of professional volunteers to assist Terri Schindler Schiavo Foundation in each state.
- Support the Schindler Schiavo Foundation to establish a health care facility for brain injured patients.
